

Hope Valley Vendors – it's the future! Come and join the venture and support local businesses to make the Hope Valley a better, greener place to live

What is Hope Valley Vendors?

Hope Valley Vendors is a new shopping service in the valley, and it's run by volunteers to do some good things for Hope Valley villages. You can buy online from local shops from the convenience of your own home, with goods delivered to you via a solar charged electric vehicle. Twelve businesses have already signed up with several more in the pipeline, offering some fantastic products as well as everyday staples. They include:

 - Eyam Brewery – local beer
 - Grindleford Community Shop – convenience store products, Critchlows meat, local honey and Welbeck bread fresh every day
 - The Maynard – offering very nice wine from Hattersleys in Bakewell, and a range of spirits
 - Hope Valley Ice Cream – ice cream made on the farm
 - Hope Valley Vendors staples sourced from Holdsworths
 - Middleton's dairy – eggs, milk including lactose free and vegan, cream, yogurts
 - Bradwell Village Shop – offering their stationery range
 - Moons Micros – punnets of micro veg grown in the valley
 - Plant & Planet – a new eco store in Castleton
 - Hope Valley Garden Centre – gardening and household goods, plus seasonal items

Hope Valley Vendors is a not-for-profit Community Business, and any profits generated will be used to support local projects to benefit the residents, businesses and ecology of the Hope Valley. We're starting small while we find our feet, but we hope to grow Hope Valley Vendors to include more more products and businesses.

We would love to see more local shopping and fewer supermarket vans coming into the valley. Using electric vehicles, we can contribute to a better, greener future.
